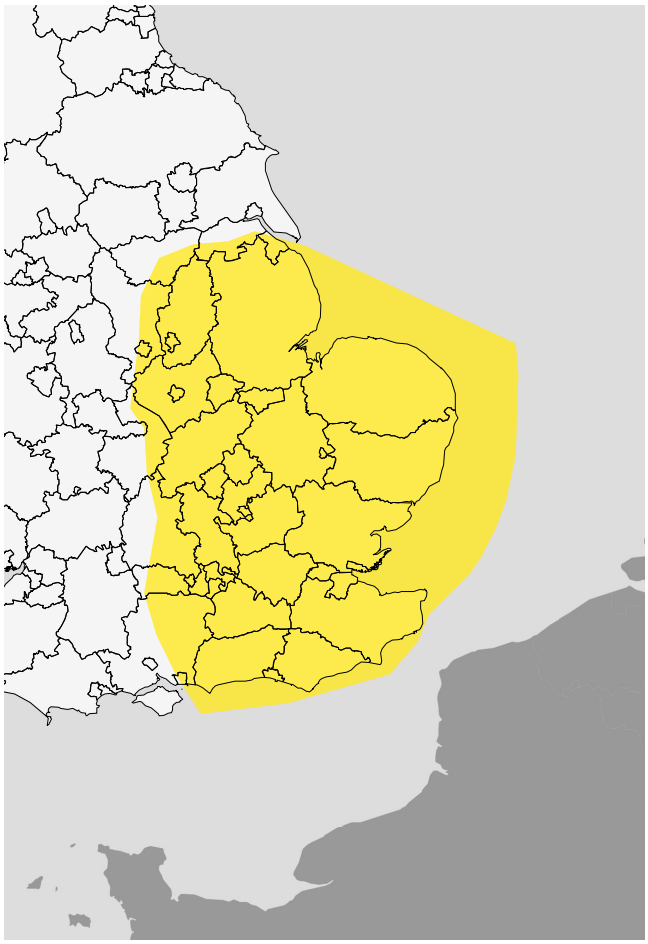
Yellow warning
Rain

Between
04:00 Mon 10 Jun 2019 and
23:59 Mon 10 Jun 2019



There is a chance that heavy prolonged rainfall could lead to local flooding and disruption to transport.

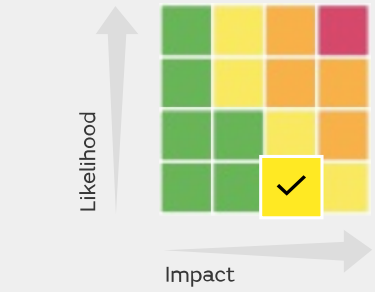
What to expect

- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- Spray and flooding could lead to difficult driving conditions and some road closures
- There is a small chance that some communities become cut off by flooded roads

Further details

Areas of, at times heavy, rain will push north and then westwards across much of south and east England on Monday.

Whilst some places will miss the worst of the rain 10-25 mm of rain may occur quite widely, with some areas potentially seeing up to 60 mm and much of this falling in less than 6 hours. There is also a chance that thunder may develop later in the day over parts of East Anglia and the far southeast of England.



Very low likelihood of medium impacts

Yellow warning
Rain

Between
04:00 Mon 10 Jun 2019 and
23:59 Mon 10 Jun 2019

Reason for update

Updated to increase the area affected - extending this southwards down to the English Channel and westwards into much of Oxfordshire, Warwickshire and Derbyshire. The start time has also been brought forward with heavy rain pushing into far southeast England early on Monday. The warning now ends at the end of Monday but further warnings for part of the area have been issued for Tuesday onwards.
